

AMPLIFYING YOUR VOICE IN WASHINGTON

Dear Thumb Electric Cooperative Member,

Can you believe it is an election year again? In 2024 we will elect many new leaders at the state and federal level. In the coming years, they will be making decisions that have lasting impacts on our energy future.

Now, more than ever, it is important that electric co-ops and our members remind our current and future elected representatives that access to affordable and reliable electricity is vital to our community.

We depend on the America's Electric Cooperatives PAC (Formerly known as ACRE) to help us get that message to our legislators. The PAC was established in 1966, and it supports state and federal officeholders who speak up and protect the interests of electric co-ops and their member-owners.

Today, more than 35,000 like-minded co-op members and employees participate in America's Electric Cooperatives PAC. With an average contribution of \$65, it is truly a grassroots political action committee. PAC represents the needs of the average electric consumer in an era where our energy policy debates often ignore the homeowner or small business owner at the end of the lines.

We know you value reliable access to electricity that you can afford. Help us fight for it.

Join Thumb Electric Cooperative and other electric co-ops across the country as we fight to keep electricity affordable for you. Join America's Electric Cooperative PAC and make your voice heard today.

Sincerely,
Brad Essenmacher
General Manager

I want to help keep the voice of rural electric cooperatives heard in the political process by participating in America's Electric Cooperatives PAC.

Help Thumb Electric keep my electric service reliable

Keep my electricity bill affordable because it improves my quality of life

Assist my efforts to use electricity more efficiently

Help us rebuild after a storm

Protect our economy and jobs when making energy laws

Contributions to America's Electric Cooperative's PAC are NOT tax deductible as charitable contributions for federal income tax purposes. All contributions to America's Electric Cooperative PAC are voluntary and will be used for political purposes. Contribution guidelines are suggestions only, you may contribute more or less than the recommended amount, or not at all. You may refuse to contribute without reprisal. Contributions may be stopped at any time upon notification to the cooperative. America's Electric Cooperatives PAC qualifies as a multi-candidate committee and has been registered with the Federal Election Commission. A copy of our monthly report is filed with the Federal Election Commission and is available to the public at www.fec.gov. America's Electric Cooperatives PAC and Michigan's Electric Cooperatives PAC are bipartisan political action committees, supporting candidates based solely on their record and support for electric cooperative issues, regardless of political party affiliation.
